ARAK SPECIAL COCKTAILS

History

Arak evolved from the Arab invention of alembic distillation in the 12th century and originally is believed to have been for the production of perfumes. Traditionally made of only two ingredients, grape and anise, the word arak comes from Arabic ‘araq’ (meaning ‘perspiration’). Try ARAK in a collection of unique cocktails that we’ve crafted just for you.

Vanilla, mango and mint infused Arak, served in a Circular Glass Disk known as Porthole.

RAKI SPECIAL COCKTAILS

History

Where or when Raki was first produced is unknown, however, it was first mentioned by the Ottoman explorer Evliya Celebi during his travels in 1630. In his 'Book of Travels', he reports that people produced their own Raki in small towns, traditionally from a raisin/grape spirit called suma that is distilled to a maximum of 94.55% abv. It is not a highly rectified spirit and unlike other flavoured spirits, Raki producers consider that the suma has an important role to play in the flavour of Raki itself.

Drink RAKI in the very unique cocktails we picked for you below.
